INTERESTING DATA IS GATHERED CONCERNING MINING HISTORY OF PROPERTIES AT VIRGINIA CITY

When the Grand Army delegates visited Virginia City a short time ago, facts compiled by William T. Moran were distributed to the visitors in a pamphlet. Among other things the following interesting paragraphs are found in the folder:

In 1861 the population of Virginia City was 3284, of Gold Hill 1294, and of Silver City 1022. In 1878 it was 40,000.

The fire in 1875 destroyed \$12,000,000 worth of property.

The elevation of Virginia City is 6025 feet above the sea level. Of Mt. Davidson 7287 feet.

The deepest mining on the lode is about 3200 feet.

The largest producer on the lode is the Consolidated Virginia mine; for 40 consecutive months \$1,500,000 worth of ore was hoisted each month through the old shaft which lies about 100 feet east of the railroad depot.

The Consolidated Virginia paid in dividends \$85,000,000, the Belcher \$13,357,200, the Crown Point \$11,588,000.

Two hundred and fifty thousand cords of wood were annually consumed in the mines, while the timber and lumber used exceeded 100,000,000 feet yearly.

The payroll of the mines ran from \$500,000 to \$750,000 per month exclusive of supplies.

In 1864 a large body of rich ore was developed in the Yellow Jacket mine.

The Crown Point and Belcher "bonanza" was discovered in 1871.

The "big bonanza" of the Consolidated Virginia mine was discovered in 1873.

Another discovery of high grade ore was made east of the "big bonanza" in 1866.

The highest price per share reached for stocks and the lowest point reached shows a market contrast.

Sierra Nevada stocks sold in 1877 at 75 cents, in 1878, \$2.61.

Union sold for \$3 in the summer of 1878, and a few months later for \$193.

Ophir sold for \$8.87 in 1874, in 1875 the same stock sold for \$315.

Consolidated Virginia, 17 cents in 1873.

A HOODOO OFFICE.

Another Western Pacific telegraph operator and assistant ticket agent has gone wrong and is wanted on a charge of embezzlement. R. J. Anderson, who has held that position for a couple of months, failed to report for duty Wednesday. Traveling Auditor Speedie checked up Anderson's accounts yesterday and found that he was short about \$250. A complaint charging him with embezzlement was sworn to by W. R. Groom, Western Pacific special agent, but Anderson has not yet been arrested.

Anderson was the successor of W. J. Hunter, who is now serving a term in the state prison for embezzlement.—Humboldt Star.

Many Years' Test of Eckman's Alternative

For several years a large number of voluntarily written testimonials from persons who recovered from lung troubles have been received by the makers of Eckman's Alternative, a remedy for the treatment of throat and lung troubles. Surely plenty of time to demonstrate its lasting value. You can write to any of them for confirmation. Here is one:

"Gentlemen: In the winter of 1902 I had an attack of grippe, followed by pneumonia and later by consumption. In the winter of 1904 I had a cough, night sweats, fever and raised quantities of awful looking stuff and later I had many hemorrhages; at one time three in three successive days. Milk and eggs became so distasteful I could keep nothing down. Three physicians treated me; I was ordered to the mountains, but did not go. Eckman's Alternative was recommended by a friend. After taking a small quantity I had the first quiet night's sleep for weeks. My improvement was marked from the first. I gained strength and weight and appetite. I never had another hemorrhage and my cough gradually lessened until entirely gone. I am perfectly well. (Signed) ANNE F. LOUGHRAN. (Above abbreviated; more on request.)

Eckman's Alternative has been proven by many years' test to be most efficacious in cases of severe throat and lung affections, or habit-forming drugs. For sale by leading druggists. Write the Eckman Laboratory, Philadelphia, Pa., for booklet telling of recoveries and additional evidence.

1871, for \$150 in 1872 and for \$750 in 1875.

Gould & Curry jumped from 50 cents to \$1000 in less than six months.

Savage went from a couple of dollars to \$800 in a few months.

Crown Point from \$2 in 1870 to \$1835 in 1872.

Yellow Jacket from \$24 to \$325 in 1872.

The present low price of stocks is no indication that they will remain low for any length of time. The Consolidated Virginia stock sold at 5 cents in 1885 and the next year for \$55.

Points of interest in and around Virginia City: The Suro Tunnel, Butters' 200-ton cyanide plant, the new Mexican mill, Chollar gloryhole, C. & C. shaft, Union shaft, Combination shaft, Kinkadee mill, Ophir plant, Yellow Jacket mill and all the old Bonanza mines.

The Mexican and Ophir mines during the past three years have produced over a million and a half in bullion.

Seven, milling and cyanide plants now operating on the lode.

HAIR TURNING GRAY OR FALLING? JUST MIX SAGE TEA AND SULPHUR

It's Grandmother's Recipe for Dandruff and Restoring Color to Hair.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also cures dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays skilled chemists do this better than ourselves. By asking at any drug store for the ready-to-use product—called "Wyeth's Sage and Sulphur Hair Remedy"—you will get a large bottle for about 50 cents. Some druggists make their own but

it's usually too sticky, so insist upon getting "Wyeth's" which can be depended upon to restore natural color and beauty to the hair and is the best remedy for dandruff, dry, feverish, itchy scalp and to stop falling hair.

Folks like "Wyeth's Sage and Sulphur" because no one can positively tell that you darkened your hair, as it does it so naturally and evenly, says a well known down town druggist. You dampen a sponge or soft brush and draw it through your hair, taking one small strand at a time. This requires but a few moments, by morning the gray hair disappears and after another application or two is restored to its natural color and looks even more beautiful and glossy than ever.
